Environmental Statement EBAA Iron, Inc.

--Eastland, TX--Albany, TX--Cordele, GA--

EBAA Iron, Inc is a privately owned company that prides itself on being socially and environmentally conscious. We are dedicated to protecting our environment and the health and safety of our employees and the communities in which we operate our facilities. We conduct business where the objective is to enable the company and our neighbors to enjoy an improving quality of life. To this end we will

- Comply with federal, state, and local statutes as well as EBAA Iron's "in-house" environmental, safety and health standards.
- Educate and encourage our employees on safe and conscientious work practice and seek to improve our processes and environmental footprint.
- Take environmental and safety consciousness into consideration in all business decisions.
- Strive to reduce the environmental impact of our manufacturing operation by conserving our natural resources.
- Strive to reduce waste through responsible use, reuse, and recycling.

From the internal reuse and recycling of resources such as metal, sand, oil, water and wooden pallets to the fair pay, safe working conditions and health care benefits for our employees, EBAA Iron, Inc., understands and takes seriously its responsibility in enhancing and protecting our employees, our local community and the environment we all live in.
