June 1, 2021

To our Customers:

The inflationary market conditions affecting commodities and other supplies utilized in our manufacturing processes has made it necessary to increase our pricing on all of our product lines.

Effective July 1st, 2021, any orders placed on or after this date will be priced according to the "new" EBAA List Prices. The "new" price list will be available to download from the EBAA website to help facilitate implementing these price changes into your own operating systems.

Please visit our website, www.ebaa.com, or contact your local EBAA representative if you have any questions or need assistance with this matter.

All orders "in house" before the July 1st, 2021 date will be priced according to the current list prices. Any orders placed on or after the effective price change date will be priced according to the "new" list prices.

We at EBAA greatly appreciate and sincerely thank you for your continued business and support. These disruptive times will eventually pass, and EBAA stands firmly anchored as a 100% domestic manufacturer who will continue to produce quality, traceable products and employing a dependable American workforce.

As always, we will humbly continue to earn your trust.

God Bless America,

A handwritten signature in blue ink, appearing to read "Jim Keffer", with a long horizontal flourish extending to the right.

Jim Keffer
